Dear Mrs. Ohkawa,

My father shared with me the sad news that Mr. Ohkawa passed away. I am so sorry for your loss. Mr. Ohkawa was a respected leader and innovator in the Fusion field and I know he was admired by my father and many other colleagues around the world for his many achievements. He will be greatly missed. I have many many fond memories of meals at your home in La Jolla (the beautiful one on the hill) where we learned about Japanese Cuisine, and many day trips in the San Diego area with you, Risa and Taro, Carla and my Mom back in the 1970's. I will always cherish those memories.

I send you, Risa, Taro and your extended families my deepest condolences.

With love, Lori Meade Buyukucak
